

MOTU V4HD Installer (Win) Release Notes - 05/06/2011

New Features and Enhancements:

- Added Closed Caption (CEA-608) support for Adobe Premiere Pro CS5.5

Previous Changes:

- Added Adobe Premiere Pro CS5.5 support
- Added RGB color space support over HDMI
- Enhanced SDI audio output compatibility
- Enhanced SD HDMI video output stability
- Improved SRC at 4x stability
- Corrected HDMI audio mapping
- Corrected random LED activity when operating in 4x mode

To Update Firmware:

1. Turn off the V4HD.
2. Connect the V4HD to the computer by USB.
3. Turn the V4HD back on while depressing the VALUE knob.
4. Run the MOTU V4HD Updater and follow the on-screen instructions.
5. Upon completion of firmware update, turn off the V4HD and turn it back on.

V4HD System Requirements for Windows:

32-bit

- Pentium 4 CPU 1 GHz or faster; multiple processors or multiple cores highly recommended
- 32-bit operating system: Windows 7, Vista, or XP Professional SP3
